

**MillerClapperton Named Top Workplace by Atlanta Journal-Constitution
Company Recognized Fourth Year in a Row**

FOR IMMEDIATE RELEASE

Austell, Georgia – March 4, 2019 – The Miller-Clapperton Partnership, Inc. (MillerClapperton), a national fabricator and regional installer of engineered cladding systems, has been awarded a Top Workplaces 2019 honor by the Atlanta Journal-Constitution (AJC). The list is based solely on feedback gathered through a third-party survey administered by research partner Energage, LLC, a leading provider of technology-based employee engagement tools. The anonymous survey measures several aspects of workplace culture, including alignment, execution, and connection, just to name a few.

“Top Workplaces is more than just recognition,” said Doug Claffey, CEO of Energage. “Our research shows organizations that earn the award attract better talent, experience lower turnover, and are better equipped to deliver bottom-line results. Their leaders prioritize and carefully craft a healthy workplace culture that supports employee engagement.”

“Our people and their dedication to the success of MillerClapperton, our customers, and our focus on each other is what makes our company a great place to work,” said Zeke Miller, President. “MillerClapperton continues to grow year-after-year, and we are honored to know that throughout several years of sustained growth, our company culture remains strong and our employees are more engaged than ever.”

According to the AJC, more than 4,300 companies (nearly double the previous year) were nominated in this year’s competition with 150 total finalists. A total of 75 companies were named in the small business category, with MillerClapperton ranked #74 overall. This is the fourth year in a row that MillerClapperton has been recognized as a Top Workplace by the AJC. In 2018, the company ranked #59.

In the past year, MillerClapperton has also been ranked as a Top Specialty Contractor in the Southeast by Engineering News-Record and earned two awards from the Construction Marketing Association; the SUPERSTAR Award in the Publicity / Community Affairs category and a STAR Award for the company’s website.
